& International Environment of Business

Other Ways to Classify Property

- Tangible property
 - Visible and has physical existence
- Intangible property
 - Invisible value
- Fixtures
 - Personal property so closely associated with real property to which it is attached that the law views it a real property
 - Example: kitchen cabinets

Rights of a Bailee

- Compensation or reimbursement for keeping bailed property
- Unpaid compensation entitles bailee to a lien on the bailed property and the right of foreclosure
- Limits his/her liability
- Possession allows actions against third persons who damage the bailed property
- Insurable interest in the bailed property allows bailee to insure and recover under the insurance policy for loss or damage
