SPECIAL ADMISSION CATEGORIES

JOINT ENROLLMENT/EARLY ADMISSION OF HIGH SCHOOL STUDENTS

The University System of Georgia recognizes the need to provide academically talented high school students with opportunities for acceleration of their formal academic programs. This recognition has led to the development of two organized programs: (1) a joint enrollment program in which the student, while continuing his/her enrollment in high school as a junior or senior, enrolls in courses for college credit; and (2) an early admission program in which the student enrolls as a full-time college student following completion of the junior year in high school. To participate in either program a student must be enrolled in a public or private secondary high school which is accredited by one of the following:

- a regional accrediting association (such as the Southern Association of Colleges and Schools)
- the Georgia Accrediting Commission
- the Georgia Private School Accrediting Commission (GAPSAC)
- the Accrediting Commission for Independent Study (ACIS)
- enrolled in a public school regulated by a school system and state department of education.

Admission Requirements: The minimum admission standards for joint enrollment and early admission are:

1. Minimum SAT I score of 970, combined Critical Reading and Mathematics sections, or ACT Composite of 21.
2. Minimum cumulative high school grade point average of 3.0 or higher in courses taken from the required 16 CPC units;
3. Exemption of all LS requirements for early admission;
4. Written consent of parent or guardian (if the student is a minor);
5. On track towards the completion of the University System of Georgia 16-unit CPC requirements and high school graduation.
6. Students who are interested in joint enrollment or early admission may be eligible for funding under Accel, the State of Georgia's dual admission

program. For additional information about the Accel program, students should contact their high school guidance counselor.

INTERNATIONAL STUDENT ADMISSION

In addition to meeting all the regular admissions requirements, the applicant must:

- Submit an official English translation with his or her secondary school transcripts.
- Be among the upper level in academic achievement with high grades in school subjects.
- Students whose native tongue is not English must demonstrate proficiency in English by taking the Test of English as a Foreign Language (TOEFL). Test scores will be used in placement of students and a minimum score of 523 on the paper TOEFL, 193 on the computer TOEFL or 69 on the Internet TOEFL is required.

POST-BACCALAUREATE ADMISSION REQUIREMENTS

Students who have earned a baccalaureate degree from a regionally accredited institution will be allowed to take courses with no limitation on the number of hours of undergraduate credit, with or without the intention of earning a degree from ABAC.

To do so, students should apply to ABAC for transient admission. A transient student enrolled at ABAC is limited to three consecutive terms. An admission decision will be made and the student notified as soon as all required documents are received. The acceptance letter will explain how the transient student registers for classes. It is the responsibility of the transient student to request a copy of the ABAC transcript be sent to the home institution after grades are posted at the end of the term.

AMENDMENT 23 - ADMISSION OF PERSONS 62 YEARS OF AGE OR OLDER

Reasonable prerequisites may be required in certain courses.
4. Shall have all usual student and institutional records maintained; however, institutions will not report such students for budgetary purposes.
5. Must meet all System, institution, and legislated degree requirements, if they are degree-seeking students.

Credit earned in learning support courses is not transferable. Complete information pertaining to the Program of Learning Support will be found in the Learning Support Program section of the catalog.
