

The Division of Humanities

The Division of the Humanities offers freshman and sophomore programs in art, English, foreign language, journalism, music, communications, liberal arts, and agricultural communications leading to the Associate in Arts Degree and to further study at a senior college. These programs provide sufficient general education and basic major courses for a student to enter a four-year college at the junior level. Career options for students in these programs include fine and commercial art; advertising, photography, and graphics; newspaper, periodical, radio, TV, or technical writing; broadcasting; speech writing; public relations; theatre; music directing and teaching, musical instrument repair and sales, music recording; management and other careers dependent on excellent communication skills.

A student augments humanities course work by extensive practical experience, by co-curricular activity, and by participating in the programs of the unique and nationally recognized Abraham Baldwin Arts Connection.

AGRICULTURAL COMMUNICATIONS

The curriculum for the freshman and sophomore years has been designed to provide core courses in introductory agricultural sciences and general education. A student who completes this curriculum will receive the Associate of Science degree and will be prepared to enter a program of study in Agricultural Communications.
