**FACULTY COMMITMENT**

**I understand that my participation in the Nigeria Summer Study Abroad Program is dependent on enrollment of at least 10 students per faculty instructor in the Nigeria Summer 2010 Study Abroad Program. If I am accepted to teach in the Nigeria Program, I understand further that teaching in a summer study abroad program is an intensive and comprehensive experience, involving faculty members with students in many out-of-class activities. Therefore, I understand that I will be obligated not only to teach formal classroom sessions, but also to accompany students on scheduled fieldtrips, assist students in planning course-related independent travel, and collaborate with other program faculty and students in scheduling and conducting joint activities. I understand further that the demands on faculty, the group living arrangements, and the program schedule do not accommodate dependent children. Prospective faculty members should consult the program director and the International Education Center at Georgia College, which administers the program, to discuss the possibility of spouse or partner accompanying the faculty member. By signing below, I indicate that I have read and understood all of the above information.**
