- INFOMINE: Scholarly Internet Resource Collections  Many of the resources described here are paid subscriptions (and you will not be able to access them), which proves again that not everything on the ‘net is free.

- The Social Science Information Gateway (SOSIG) aims to provide a trusted source of selected, high quality Internet information for people interested in the social sciences, business and law. It is part of the UK Resource Discovery Network.

NOTE: This brochure is not an exhaustive list of resources. Check the online catalog (GIL), GALILEO, or the Internet for more resources.
