HAHIRA STUDENT CHOSEN AS ABAC AMBASSADOR

TIFTON--Matthew North, an Abraham Baldwin College student from Hahira, has been selected to participate in one of the most prestigious organizations on campus, the ABAC Ambassadors.

North, a freshman business administration major, is the son of Larry and Karen North. He is the chair of the Ambassador Archives Committee.

Through a process involving application, letters of recommendation, and interviews, college administrators choose students whom they believe to be motivated and who show leadership potential to serve as Ambassadors.

The Ambassadors assist the offices of public relations and admissions, representing and promoting the college at a variety of community and college events. They work to maintain positive relationships between students, faculty, alumni, and the community.

To continue in the organization, students must maintain at least a 2.5 cumulative grade point average on a 4.0 scale and commit at least 30 hours per semester to their service as Ambassadors.
