MOULTRIE STUDENT CHOSEN AS ABAC AMBASSADOR

TIFTON--Mary Beth DeMott, an Abraham Baldwin College student from Moultrie, has been selected to participate in one of the most prestigious organizations on campus, the ABAC Ambassadors.

DeMott, a sophomore family and consumer sciences education major, is the daughter of Terry and Theresa DeMott. She serves as treasurer of the Ambassadors.

Through a process involving application, letters of recommendation, and interviews, college administrators choose students whom they believe to be motivated and who show leadership potential to serve as Ambassadors.

The Ambassadors assist the offices of public relations and admissions, representing and promoting the college at a variety of community and college events. They work to maintain positive relationships between students, faculty, alumni, and the community.

To continue in the organization, students must maintain at least a 2.5 cumulative grade point average on a 4.0 scale and commit at least 30 hours per semester to their service as Ambassadors.
