1. **If a tab appears as below:**
   a. Click Install

   ![Install Browser Extension/Add-on](image1)

   This application requires a Centrify Browser Extension.

   **Press the Install button** to install it.

   ![Install Button](image2)

2. **The following will appear on the open tab.**
   a. Wait about one minute. If nothing changes, close this one tab.

   ![Open Tab](image3)
3. By closing the tab as instructed in Step 2, you will see this tab.
   a. Click **Add extension**

   ![Add extension screen](https://example.com/add-extension-screenshot)

   ![Add extension confirmation](https://example.com/add-extension-confirmation-screenshot)

4. The following box should appear.
   a. Click the x to close the box.
   b. If the tab does not close to reveal the MyABAC Centrify icons, close the tab.

   ![Extension added](https://example.com/extension-added-screenshot)

   ![Manage extensions](https://example.com/manage-extensions-screenshot)
