

Undergraduate Research Week
April 10 – 14, 2017
Schedule of Events
Part of the
STEPS Series and Center for Teaching and Learning

1. Tuesday, April 11 @ 12:30-1:30 in STEPS Resource Center, Baldwin Library
 - a. “Sharing the Possibilities” Center for Teaching and Learning Lunch and Learn: Dr. Sandra Giles, Dr. Russell Pryor, and Dr. Vanessa Lane will share what they recently learned at the National Conference on Undergraduate Research hosted by the Council on Undergraduate Research. This annual conference seeks to showcase the best in undergraduate research and creative and performing arts. They will share information learned on the various types of creative and scholarly work occurring in undergraduate programs across the U.S. including topics and scope of projects. Faculty will engage in faculty-led discussion about the possibilities at ABAC. RSVP to dsewell@abac.edu.

2. Wednesday, April 12 from 12:00-1:00 PM in STEPS Resource Center, Baldwin Library
 - a. “Faculty/Student Showcase” Center for Teaching and Learning Lunch and Learn: This event will provide an informal opportunity for faculty and students to share about the types of mentored research occurring in their programs. Attendees learn about the different types of scholarly work currently occurring in the bachelor’s degree programs. RSVP to dsewell@abac.edu.

3. Friday, April 14 at 10:00 AM in Lewis Hall
 - a. Stafford School of Business Capstone Project Preview: Business students will present a brief discussion (3-5-minute elevator speech) of their project efforts thus far as they prepare for their final presentations in the coming weeks. Attend this event to learn more about the type of projects conducted this spring by the seniors in the Stafford School of Business.

4. Thursday, April 13, 2017 at 5:30 in the ABAC Chapel of All Faiths:
 - a. Biology TriBeta Induction Ceremony and Installation of New Officers: Induction of students into TriBeta, the honor society for students, particularly undergraduates, dedicated to improving the understanding and appreciation of biological study and extending boundaries of human knowledge through scientific research. Faculty, staff, and students are invited to attend the induction of students into this honor’s society.
