

Abraham Baldwin Agricultural College

Area A1. Communication Skills

Students are able to analyze the rhetorical situation and choose the appropriate genre and writing strategies. Students follow the academic conventions of organization and standard written English. Students select and employ multiple research methods, such as interpreting, evaluating, and explaining sources, and document sources ethically.

Area A2. Quantitative Skills

Students will demonstrate a strong foundation in mathematical concepts, processes, and structure, including the ability to solve multiple-step problems through varied modes of reasoning (inductive, deductive, or symbolic).

Area B. Institutional Options

Students will apply effective communication skills that demonstrate clarity, critical analysis, rhetorical awareness, persuasion, and precision when presenting oral arguments.

Area C. Humanities/Fine Arts and Ethics

Students will apply knowledge of historical, social, and cultural influences to understanding works of fine or literary arts as expressions of human experience.

Area D. Natural Sciences, Mathematics and Technology

Students will interpret scientific principles, theories, and laws as they apply to the dynamic nature of scientific disciplines.

Area E. Social Sciences

Students will describe how historical, economic, political, social, and spatial relationships develop, persist, and change, as well as how they are impacted by the complexity and diversity of individual and group behavior.
