### How To Track Your HOPE Academic Eligibility

Georgia's HOPE Programs are for those students who demonstrate academic achievement, not only in high school but throughout their time in college.

Beginning in high school, Georgia students are able to track their [My High School HOPE GPA](#) through their GAfutures account to know if they are on track to earn the [HOPE](#) and [Zell Miller Scholarship](#).

Now, with the [My College HOPE Profile](#), students who have earned the [HOPE](#) or [Zell Miller Scholarship](#), as well as the [HOPE](#) or [Zell Miller Grant](#), can track their academic eligibility while attending a HOPE-eligible Georgia college or university.

Note: GAfutures accounts require the student's Social Security number and date of birth in order to provide the student's secure academic data.

[Cost of Attendance](#)

# Federal Direct Student Loans

## Annual Loan Limits

Grade Level	Dependent Student	Independent Student
Freshman (less than 30 hours)	\$5,500 (up to \$3,500 can be subsidized)	\$9,500 (up to \$3,500 can be subsidized)
Sophomore (30-59 hours)	\$6,500 (up to \$4,500 can be subsidized)	\$10,500 (up to \$4,500 can be subsidized)

Federal Direct Student Loan Interest Rate for  
2025-2026 is 6.39%

# Who can receive Direct Subsidized Loans?

Direct Subsidized Loans are available to students who demonstrate financial need.

## Who will pay the interest?

- The U.S. Department of Education pays the interest on a Direct Subsidized Loan
- while you're in school at least half-time,
- for the first six months after you leave school (referred to as a grace period), and
- during a period of deferment (a postponement of loan payments).

# Who can receive Direct Unsubsidized Loans?

Direct Unsubsidized Loans are available to all students who successfully file a FAFSA.

## Who will pay the interest?

- You are responsible for paying the interest on a Direct Unsubsidized Loan during all periods.

## Good to know

- If you choose not to pay the interest while you are in school and during grace periods and deferment or forbearance periods, your interest will accrue (accumulate) and be capitalized (that is, your interest will be added to the principal amount of your loan).

# Federal Direct Loan Origination Fees

The Origination Fee is the amount a borrower is required to pay the U.S. Department of Education to help defray the cost of a Federal Direct Loan.

Loan Type	Origination Fee
Subsidized & Unsubsidized Loans	1.057%
Parent PLUS Loans	4.228%

Example: Student accepts \$5500 in the Federal Direct Unsubsidized Loan for the 2025-2026 academic year.

This amount is split equally over Fall 2025 & Spring 2026 semesters.  
(\$2750 Fall / \$2750 Spring)

Once the loan origination fee has been deducted, the net amount of \$2721 will apply toward the student's account balance in eStallion.
